

Do you work in post-acute and long term care?

Looking to reduce readmissions?

Want to stay on top of the latest state regulations?

Worried about state surveys?

Struggling with infection control?

Do you aim to provide the highest quality patient care?

OMDA is a professional association of medical directors, physicians and other allied health professionals, practicing in the post-acute and long-term care continuum. OMDA is the Ohio state chapter of AMDA - *The Society for Post-Acute & Long-Term Care Medicine*

WE ARE physicians, physician assistants, nurse practitioners, nurses, pharmacists, social workers, dietitians, therapists, and administrators.
